Celebrating Natal Days!

Send your photos to lbright@annapolisroyal.com for a chance to be featured on the front page!

WHAT'S UP ANNAPOLIS?

Thank you to all the volunteers who helped get Annapolis Royal ready for Natal Days at the **Community Clean-Up** on Sunday July 26. **Natal Days** celebrations will be happening from Friday July 31 to Monday, August 3. The full program of events includes the parade, fireworks, carnival, dances, live music, historic reenactments and so much more!

Pickup the official Natal Days booklet available in stores for the full program of events. If you're on Facebook be sure to follow **@AnnapolisRoyalNatalDays** for all the latest information - including time changes, cancellations and rain locations.

There are lots of fun activities and events lined up all August long. Kids getting restless? Sign them up for **Tennis Camp** (p. 3) or take them to the **Annapolis Community Pool** (p. 15). Artists will be taking over Annapolis Royal August 15 and 16 for ARTSPPLACE's annual **Paint The Town** (p. 9). Or head over to Fort Anne on August 15 to celebrate **la Fête nationale de l'Acadie** (page 10). The **Fort-to-Fort Experience** (p. 3) is happening on August 22 - first time since 2019. And don't forget to take some photos of your favourite places - there's still time to submit them for the **Community Photo Project** (p. 15). You'll find something to keep you busy through the long hot days of August!

Strategic Planning

Town Council is currently reviewing and updating the Town's Strategic Plan to reflect the progress made since the 2025 plan was adopted. This review includes celebrating priorities that have been completed, assessing ongoing initiatives, and identifying new priorities to guide Council's work in 2026 and beyond.

Background information and the updated Strategic Plan are being prepared, with a draft expected to be available for public review in September.

Community input is an important part of the planning process, and we encourage all residents, businesses, and stakeholders to submit their comments and help shape the Town's strategic direction.

Natal Days

The Annapolis Royal Natal Days Organizing Committee has done an outstanding job again this year of producing a very eye-catching events booklet with the participation of many sponsors. If you need a booklet, I have a small stash of them available on a first-come first-served basis. The parade route will follow St George Street as it did prior to 2025.

Bulky Items Pick-up Rules

Given that this is a tourism town, there are things that we, as a community, can help with. One of them is to follow the bulky items collection rules which requires removal of any bulky items left uncollected on garbage day. The second is to ensure that food waste is put out in the compost and not regular garbage. Animals like raccoons are attracted to food garbage, and are not very good about cleaning up the mess afterwards. There is some good information and tips about curbside collection available on the Valley Waste Resource Management website: www.vwrum.com/services/curbside-collection

Happy Natal Day weekend everybody!

ANAPOLIS

CHIEF'S CORNER

As we prepare for the Natal Day Parade and a busy tourist season, our roads, sidewalks, trails, and downtown streets will see increased activity. On behalf of the Annapolis Royal Police Service I would like to remind residents and visitors that safety is a shared responsibility, and a little extra patience and awareness can help everyone enjoy the celebrations.

Whether you are driving, cycling, riding, or walking, please stay alert, follow traffic rules, and look out for one another.

Motorists are asked to slow down in busy areas, watch carefully for pedestrians and cyclists, signal clearly, and be prepared for sudden stops - especially where visitors may be unfamiliar with local roads, traffic patterns, and crosswalks.

Cyclists and motorcyclists should remain visible, obey traffic laws, and be mindful of pedestrians and vehicles around them.

Pedestrians are encouraged to use marked crosswalks, follow traffic signals, avoid distractions such as mobile devices, and wear bright or reflective clothing when visibility is reduced.

- Slow down and stay alert in high-traffic areas.
- Check carefully before turning, changing lanes, or opening vehicle doors.
- Communicate your intentions and respect posted signs and signals.
- Stay focused and avoid distractions while driving, riding, or walking.
- Be patient, courteous, and respectful of all road users.

Please note that traffic and parking restrictions will be in place during some Natal Day events, including the parade. These measures are in place to help ensure the safety of parade participants, volunteers, supporters, and spectators.

Natal Day Celebrations are special for our community, and the parade is one of the highlights. By slowing down, staying alert, and showing courtesy to others, we can help make it a safe and enjoyable celebration for everyone.

Montgomery**

AUTOMOTIVE TIRES

Up to four rimless tires a day can be returned to any tire dealership, free of charge.

HOUSEHOLD HAZARDOUS WASTE (HHW)

Visit vwrm.com for information on disposal.

HOUSEHOLD AND LITHIUM BATTERIES

Bring to our sites or participating locations for FREE!

LARGE AUTO PARTS

Call your local auto salvage yard for more information.

BurnSafe 101

The BurnSafe map is your guide to when it's safe to burn in Nova Scotia during wildfire season, March 15 to October 15.

GREEN = burning is allowed after 2 pm.

YELLOW = burning is allowed after 7 pm.

RED = no burning is allowed.

Burning is never allowed from 8 am to 2 pm during wildfire season because that is often when the risk of wildfires is greatest. The map is **RED** during those hours. After 2 pm, check for an update.

Burn restrictions are **updated daily at 2 pm** based on weather data.

Check online at NovaScotia.ca/BurnSafe or call 1-855-564-2876 to see if burning is allowed.

Every Drop Counts: Simple Ways to Save Water

Saving water helps protect the environment and can lower your household costs. Small, simple changes add up.

In Nova Scotia, the average person uses about 370 litres of water a day.

This is about 2.5 bathtubs of water. Reducing your water use can help you:

If you are connected to municipal services:

- Lower your water, sewer, and energy bills
- Reduce the need for costly upgrades to water and wastewater systems

If you use a private well:

- Reduce the operating costs of your water treatment system
- Reduce strain on your septic system

For everyone:

- Help protect local water resources and the environment
- Support a more resilient water supply as climate change increases pressure on water resources

Emergency Go-Bag

You Emergency Preparedness Kit at home will help sustain you and your family for up to 72 hours or more, but what if you have to quickly evacuate your house? (Perhaps in under 5 minutes)

Dear Neighbours,

We are planning work along Prince Albert Rd. starting early-August extending into mid-October 2026.

The southbound lane on the causeway, including the pedestrian sidewalk, will be intermittently closed during this time.

Traffic control will be on site while crews are working; motorists should expect standard delays and plan for added travel time.

For your safety, pedestrians are asked to please reroute to the opposite side of the road when it is safe to do so, for the length of the construction zone.

There will be additional barricades implemented during the work. For your safety and the safety of our crew, we kindly ask the public respect these boundaries and do not approach personnel onsite.

If you have questions or concerns, please contact us at engage@nspower.ca

Property Tax Rebate for Seniors Program - APPLICATIONS OPEN

Administered by Service Nova Scotia, the program helps low-income seniors with the cost of their municipal residential property taxes. Eligible homeowners may receive 50% of the property taxes paid last year, up to a maximum rebate of \$800.

Seniors who received the rebate last year will be mailed an application to reapply.

Own Property in Nova Scotia?

Property Valuation Services Corporation Assessors are conducting property visits to support accurate assessments across Nova Scotia.

Why Assessors Perform Site Visits

Throughout the year, PVSC Assessors visit properties to:

- Review building permit progress
- Complete property inspections
- Collect up-to-date property data

How to Identify a PVSC Assessor

For your safety and peace of mind, Assessors have:

- PVSC-marked vehicles
- PVSC-issued identification
- High-visibility safety vests with "Assessor" on the back

Do I Need to Be Home?

No, you don't need to be home for these visits. If you're not onsite, the Assessor will leave contact information and next steps if a follow-up is needed.

Property inspections are a routine part of maintaining fair and accurate property assessments. Learn more at pvsc.ca

Community Photo Project!

Residents of all ages in the Annapolis region are invited to submit photos of places that you love and treasure like beaches, forest trails, or a favourite landmark. And photos of spaces where you are noticing climate impacts – like storm damage, erosion or invasive species.

Annapolis Royal, Middleton and Annapolis County are working together with the Clean Foundation on a Joint Climate Action Plan for the Annapolis Region.

Deadline for submissions is August 31, 2026.
