#### **IMPORTANT NOTICE TO THE PUBLIC**

#### **PLANNING COORDINATION SERVICES: Town of Annapolis Royal**

#### **EFFECTIVE AUGUST 6, 2013**

Planning Technician Keith Saunders will coordinate the delivery of Planning and Development Services for the Town of Annapolis Royal. Keith is located in the Town Hall in Annapolis Royal and will continue to provide GIS, Mapping and Civic Addressing Services to the Towns of Annapolis Royal, Bridgetown and Middleton, as well as GIS and Mapping services to the Municipality of the District of Digby.

His contact information is:  
285 St. George Street,  
P0 Box 310, Annapolis Royal, NS B0S 1A0  
Phone: 532-3145 Cell: 955-1436  
Email: [mapping@annapolisroyal.com](mailto:mapping@annapolisroyal.com)

Pick up and drop off of forms and payments will be at Town Hall. Municipal Planning Strategy and Land Use By-Law documents, as well as application forms for permits, planning amendments and heritage alterations can be found on the Planning Services website at [www.avilu.ca](http://www.avilu.ca).

#### **Reminder to Residents:**

The Town of Annapolis Royal wishes to remind residents that development and building permits are required for any construction project, regardless of size. In addition, heritage approval may be required.

Whether you are renovating an existing building, constructing a new house or just putting up a baby barn, you need to obtain a permit before starting the job. Permits are required for small-scale projects such as signs, decks, porches, swimming pool fences and garden sheds, as well as for repairs, alterations, additions, or demolition of existing buildings. A development permit is also needed for a "change of use" such as a new business.

#### **Call the Annapolis Royal Police Department**

If you witness drivers of vehicles who may be intentionally driving poorly and you have the opportunity to record the license plate number and/or type of car and/or description of driver; call it in. The Police can locate the individual with this information. Let's make our Town streets safe.

#### **Utility Account Payment**

If you are making payments online for your utility payments please confirm that you are using the correct account number. Your account number is the 3 digits in the Utilcode and Civic Address Box (as shown below). Use only the 3 digits before the decimal, 123 in the example here. Payments made with the wrong account number will be returned as of August 30, 2013. If you have any questions about your number please let me know.

### Tree news for August 2013

It's August. We have had a hot and humid summer so far, good growing conditions for trees. August is the time to look out for signs of Dutch elm disease in our elm trees. Usually it starts with "flagging" in the crown. Suddenly one limb or more will start wilting and turn red. We have had hardly any trees last year that were infected. Some of the larger trees were injected with Dutch Trig, a tree vaccine. We still have to keep an eye on all elm trees. If you have any concerns or need more information email [angelika-waldow@bellaliant.net](mailto:angelika-waldow@bellaliant.net).

I have also seen evidence of apple borers on some of the crab apple trees. If you have a young apple tree, you can check for holes in the trunk. Sometimes you can save the tree just by removing the larvae.

During the summer months especially keep your young trees well mulched...it is so simple but makes such a difference. The tree will thrive and grow faster and it prevents it from damage around the roots and the trunk. Another side effect is that you spend some time with the tree and it is easier to notice any problems that might be there....roots, trunk, leaves....but don't suffocate the tree, give the tree lots of breathing space directly around the trunk. The tree can't be buried deeper than where the roots start. And enjoy the rest of the summer! Angelika

## Changes to Waste Management

Over the past number of months, Council has considered options for greater efficiency, effectiveness, and improvements to the way the Town's composting, solid waste and recyclables are being managed, and also in response to some residents and businesses concern with waste management including the condition and location of green garbage dumpsters.

To address this issue and manage waste overall, effective October 1, 2013 Annapolis Royal is slated to become a partner with Valley Waste-Resource Management – joining the Towns of Berwick, Bridgetown Hantsport, Kentville, Middleton and Wolfville, as well as the Municipality of the County of Annapolis and the Municipality of the County of Kings. This partnership will come at no additional cost in tax rate to the taxpayer.

Valley Waste will manage all aspects of waste collection and launch an information program to inform residents and businesses of details about solid waste management, composting and recycling pickups. Public meetings will be held and information packages will be available for everyone.

Please watch the Town website, the Annapolis Spectator and your mailbox over the coming months for meeting details and information packages from Valley Waste Resource Management.
