Annapolis Royal to Host the 3rd Annual North American Conkers Championship Saturday, October 18th Historic Gardens, Annapolis Royal, NS

Conkers? Has anyone really heard of conkers? New to many Nova Scotians, but an old tradition for anyone of British heritage, Conkers has been making a reappearance in Annapolis Royal in recent years.

The game of conkers involves, quite simply, a chestnut on a string. Well, two actually, as each person in the duel requires the same armament. The objective – to break your opponent's conker. Sounds simple, but it is actually quite difficult and makes for great fun for participants and spectators alike. To quote the Annapolis Royal organizers, conkers is "A game of Kings and school boys - This centuries old form of sporting battle is about to re-emerge."

The 3rd Annual North American Conkers Championship will be held "centre-Courtyard" at the Annapolis Royal Historic Gardens on Saturday, October 18 during the Winter Market. Registration is at 10am and the tournament begins at 10:30am as participants vie for the coveted Crofton Chalice. No entry fee, no experience necessary, all ages welcome! For details, visit www.annapolisroyalconkerclub.ca

After the tournament, head over to the Annapolis Royal Golf Club at 2:00pm to try your hand at a putting competition that will drive you NUTS, during the "Great Putting Challenge". Yes, you guessed it – instead of balls you will be putting with conkers! Putter and conkers are provided.

Plan on spending October 18 in Annapolis Royal for this unique day of events, and while you are here be sure to enjoy some of our many GHOST TOWN activities (www.exploreghosttown.com).

Annapolis Royal

will become a...

While it is not normally a title to brag about, the Town of Annapolis Royal will proudly call itself a GHOST TOWN this October! From October 17 to 31, Annapolis Royal will take on ghostly aura as the spirits of the past take over the Town for this Halloween-inspired festival. The schedule includes a spook-tacular array of events.

The Sinclair Inn Museum *Haunted House*, O'Dell House Museum's *Hidden Hauntings* and the Historic Gardens *Ghostly Gardens* are running each Friday, Saturday and Sunday evening (Oct 17-19, 24-26). A **GHOST TOWN PASSPORT** will allow you access to all three of these family-fun activities, or individual tickets are available as well. Alan Melanson will lead his renowned **Candlelight Graveyard Tours** on October 18 and 25, with a special discount price for PASSPORT holders.

Look for other Halloween-themed events in the community. Enjoy shows at King's Theatre, a creepy "Ghost Village", our Haunted Winter Market on Saturday mornings, and the North American Conkers Championship on October 18.

Add to that some great Halloween parties, workshops, a pre-carved pumpkin sale, a Haunted Seek & Find, Ghostly Geo-Caches, and some ghoulish sales and specials by Annapolis Royal's businesses... and you are sure to have a grand time when you visit... if you dare!

 - to re-elect directors, and
 - to re-appoint the ARWA auditors.
- Adrian Nette, President ARWA

"Get your GHOST on" this October!

Annapolis Royal's **GHOST TOWN** begins October 17, and we invite everyone in the community to "**Get your GHOST on**" in time for this Hallowe'en-inspired celebration. **GHOST TOWN** has gained popularity since its inception a few years back and attracts hundreds of people to Annapolis Royal in late October. The Haunted House at Sinclair Inn Museum and Ghostly Gardens at the Historic Gardens have fast become popular pre-Hallowe'en outings for families from all over the Valley, and other organizations have jumped on Board with some great events and workshops. To expand the effort, WE NEED YOU! We ask residents and businesses alike to "**Get your GHOST on**" early, and do some cool decorating on your properties, before October 17. We would really love to have the whole Town decked out for Halloween, so that visitors can witness the community spirit and really get an overall **GHOST TOWN** impression throughout the Town. Looking for ideas? Visit

Did you know???

Each day 160 billion tonnes of seawater flows in and out of the Bay of Fundy during one tide cycle — more than the combined flow of the world's freshwater rivers!

Thank You

from ARTs Unleashed!

To all the organizations and businesses that planned *ARTs Unleashed!* events; the people who participated in those events as actors, musicians, demonstrators, etc.; the businesses and organizations that participated in the joint advertising and promotions to help get the word out; and the residents who supported us by spreading the word and attending the events -- a huge THANK YOU!

This town-wide, 9-day celebration of the arts would not be possible without your help. Together we produced a very successful festival and got some great publicity for Annapolis Royal.

Thank you for making it happen.

Grace Butland and Andrea Vandenboer
For ARTs Unleashed! and ARCAC

Do you want to be the first in the know? Interested in what is going on in Town?

If you are interested in getting important and current public information ; or be kept up to date on what is happening in and around Town or how to get the Town Crier emailed to you directly. . . then just send an email to admin@annapolisroyal.com and ask to be added to the mail out list. It is just as easy at that!

THANK YOU!

I would like to take this opportunity to thank the residents of Annapolis Royal for coming out and supporting our First Fridays. Honestly without your support our events wouldn't happen. It's wonderful to walk through our town and hear laughter and music.

For me that's the kind of place I'm proud to call home.

Garbage Odour Control Tip

Generally, there are THREE reasons why a compost bin might develop a less than pleasant odour: #1. It's too moist; #2. It's not getting enough air; #3. There isn't enough brown matter in the pile. If you've got too much moisture in your compost, usually adding a nice layer of brown matter will help dry things out a bit. Brown composting materials are things like DRIED leaves, sawdust, newspaper, straw, hay, etc. If not getting enough air, take a rake or pitch fork or shovel, and turn the materials over to aerate your pile to ensure enough air gets into the mass.
