## WHAT'S UP ANNAPOLIS?

Have you heard the Big News? The Academy building will continue its amazing transformation into 2018! Over the past year the classroom and office space of The Academy has been converted into a beautiful condo development thanks to Jacob Tanner Developments, and NOW the remaining space will take on a life of its own.

On October 10th, Colin Fraser, MP for West Nova, on behalf of the Honourable Navdeep Bains, Minister of Innovation, Science and Economic Development and Minister responsible for the Atlantic Canada Opportunities Agency (ACOA) announced funding of \$255,400 through their Innovative Communities Fund to be used in conjunction with a \$230,822 investment from the Town of Annapolis Royal, \$30,000 from the Province of Nova Scotia, \$40,000 from the Municipality of the County of Annapolis, and the generous donations from the Friends of the Annapolis Royal Library totaling \$115,290.

This investment in The Academy builds on commitments made to drive economic growth in the region. This type of modern community infrastructure helps connect people to jobs, provides better access to community services, helps attract new business and investment to the area, and encourages innovation and development in people of all ages.

We are so excited to start this special project for the community and the anticipated completion date is in late Spring / early Summer 2018. We'd like to thank everyone involved to date in making this project a reality, and to ACOA for their announcement which has been the final piece in the realization of this dream. Please see page 6 for more details.

## MAYOR'S MESSAGE

On October 10, 2017, Annapolitans, dignitaries, and guests gathered for a community funding announcement at Annapolis Royal's waterfront amphitheatre, affectionately known locally as 'the O' - out of respect for the site's Mi'kmaw name, Oqwa'titek.

Dedicated as a place for people to gather and celebrate, the amphitheatre was an appropriate location to announce the Town of Annapolis Royal's latest community project: a state-of-the-art regional library funded in part by the Government of Canada, the Province of Nova Scotia, the Municipality of the County of Annapolis, the Town of Annapolis Royal, and the Friends of the Annapolis Royal Library.

A sentiment reflected in a gifted wall hanging in my office constantly resonates with me in the context of the Town of Annapolis Royal: "Our greatness rests not only in our history, but in our future." Libraries are symbols of the future. Much more than repositories of the wisdom of the ages, which they should ever continue to be, libraries also serve as social, cultural, and intellectual hubs - where people's minds and lives are shaped, influencing the future of communities and even the destiny of our nation. An included 'Innovation Centre' is anticipated to be an integral part of the library and its programming.

Investment in the bricks and mortar of a new library is an investment in our future. The Town of Annapolis Royal is extremely grateful for the ongoing support it receives from its political partners, federal and provincial funding agencies; and the remarkable citizens of the town and area who never hesitate to step forward and contribute to the welfare and growth of our wonderful town.

## COMMUNITY

Look Up ....WAY UP! - A Message from St. Luke's Church

There is a building project happening in Annapolis Royal. St Luke's Anglican church is restoring the steeple on their historic building.

St Luke's is in one of the oldest parishes in Canada and holds a significant spot in the annals of our History. There has been an active and vibrant parish on the site of the present church for over 200 years and the first "Church of England" service in Canada was held just across the road at Fort Anne in 1710. The steeple itself dates from 1837.

If the town of Annapolis Royal was looking for an Icon for the town, St. Luke's steeple would be an appropriate one. The steeple is very tall (96 ft. to the top) and can be seen from all points in the community, and indeed, the surrounding area. It peeks out above the trees of St. George Street in the summer and becomes more visible as the leaves fall away in the Autumn.

The parishioners have been working hard, raising money for the expensive project and grants and donations have been received from different levels of government and the generous people of the area.

As work progresses and old wood is removed, deeper rot has been found. This means that the cost continues to rise, but with the support of the people of The Parish of Annapolis, and other friends, both in the community and beyond, we will complete the job.

Any financial assistance is much appreciated and can be sent to the Parish office or delivered to any member of the Parish. It will be received with our grateful thanks and a tax receipt will be issued, so include your name and address.

*The Annapolis Royal Lighthouse was built in 1889.*

## CHIEF’S CORNER

Chief T.G. (Tim) Moser

Fall is upon us! The days have shortened and the typical wet fall weather means our visibility is reduced considerably while driving. If you have not already done so, this is a good time to get in to the fall/winter driving mindset and prepare your vehicle for winter conditions. I would like to remind you that studded tires are permitted between 14 October and 30 April of each year.

Recently, I had the pleasure of attending the Fall Conference for the Nova Scotia Chiefs of Police. One of the hot topics raised was the decriminalization of cannabis, which is expected to take effect in Canada by July 2018.

The federal government plans to pass [legislation that sets a framework for legalizing recreational cannabis](#) and within this framework, each province and territory must make their own rules and regulations for sale, possession and use. Karen Hudson QC, NS Deputy Minister of Justice and Deputy Attorney General, spoke about the potential impacts to our province and extended a request in October for Nova Scotians to complete an online survey requesting their feedback on the following topics:

- age 19 as the legal age of purchase and use;
- the sale of cannabis through a crown corporation like the Nova Scotia Liquor Corporation;
- where recreational cannabis can be used; and
- drug-impaired driving.

The results will assist how Nova Scotia regulates recreational cannabis. These will no doubt be interesting times as Canada moves forward to legalize its use. Remember, if you have any questions or concerns about anything please contact a member of the Annapolis Royal Police – our contact information is noted below.

## Idle No More

Did you know that the Town of Annapolis Royal has an Idle Control Policy? Check it out at [annapolisroyal.com/idlingcontrol/](http://annapolisroyal.com/idlingcontrol/). It is time to re-think idling, here are some quick facts:

- ◆ 10 seconds of idling wastes more fuel than restarting your vehicle
- ◆ Even in cold weather, engines only need 30 seconds to warm up
- ◆ Turning your car off is better for the engine than leaving it running
- ◆ 2 minutes spent idling is equal to 1 mile of driving

Save wear and tear on your vehicle, save the environment and minimize your fuel consumption, Idle No More!
