MAYOR'S MESSAGE

Mayor Bill MacDonald

Summer in the historic Town of Annapolis Royal. There's simply no better place to be! Whether you're looking to explore the early origins of our nation, participate in one or more of our annual festivals or cultural events, visit our many shops and galleries, or just leisurely stroll along our remarkable waterfront and streets lined with historic homes, Annapolis Royal promises a memorable experience for everyone.

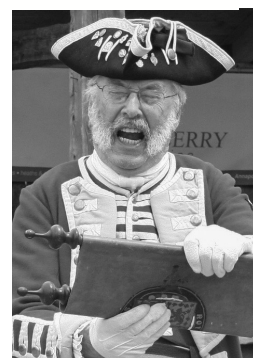

Situated on the unceded ancestral territory of the Mi'kmaq, who have occupied these lands for thousands of years, town lands were cultivated by French colonists in 1605 and Scottish colonists in 1629; and served as the site of the capitals of both the French Colony of Acadie and the British Colony of Nova Scotia.

Annapolis Royal remained the capital of the Colony until 1749, when Governor Edward Cornwallis established Halifax and proclaimed it as the capital. However, Annapolis Royal remains, in the hearts of its citizens, the historic and cultural capital of Nova Scotia.

A message from the Environment Advisory Committee

The Committee, chaired by Councillor Holly Sanford is currently looking for an additional member. Anyone with an interest in joining the committee please contact Amber Brown at Town Hall: admin@annapolisroyal.com or (902) 532-2043.

The mandate of the Environment Advisory Committee is to educate, promote and provide feedback on environmental issues related to sustainability, advocacy and stewardship within the Town of Annapolis Royal. Since its establishment in March 2018 the Committee has worked on a number of issues. Its first major task was to review the Milestone 5 Climate Protection Plan adopted over five years ago by the Town. A summary of successes and recommendations for further action was submitted to council in early 2019. The question of how best to deal with the issue of single-use plastics has been thoroughly discussed, along with suggestions for possible approaches made to Council. A major ongoing topic is the challenge posed by our warming climate. The most immediate challenge for the Town is rising sea levels. The Committee is actively reviewing possible approaches to deal with this issue and will soon be discussing possibilities with experts in both North America and Europe.

CHIEF'S CORNER

Chief T.G. (Tim) Moser

There are 54 days of summer left (although only about 34 days until school starts – sorry kids) and what a summer it has been so far, with no end in sight as we move into our Natal Day weekend celebrations. As usual, we anticipate thousands of people to flock into town this weekend to take part in the many events hosted by Annapolis Royal. We have also planned for these events and subsequently you can expect to see a higher police presence in town during these celebrations.

Natal Day weekend is by far the busiest time of year for Annapolis Royal; as I mentioned in previous Town Criers leading up to this summer, the increase in vehicle and pedestrian traffic is immense compared to other months. I would like to ask that you be patient and vigilant as many tourists and local visitors alike fill our streets to take in our hospitality and beautiful town sights.

STREET CLOSURES: A gentle reminder that in conjunction with the events going on this month, in particular Natal Day weekend, the following street closures will be in effect: **Aug 2nd** - Saint George Street between Victoria Street and Drury Lane from 5:30 pm until midnight; and **Aug 5th** – St George Street at School Street to and including Drury Lane, and St Anthony Street from St George Street to Drury Lane from 1:00 pm until 2:30 pm.

I would like to thank Cadet's Crighton and Burton for their service to Annapolis Royal during the month of July and first week of August. They will complete their on-job experience with us on the 5th of August and return to Ravensburg College to complete their training before moving onto additional training and employment within law enforcement.

Our theme for this NATAL Day is "Water – Our Way of Life", which was chosen to reflect our history and current relationship with the surrounding waterways. While we enjoy the use of water for commerce and recreation we need to be mindful of safety and respect mother nature. Unfortunately, there have been many water related accidents resulting in death throughout Canada this summer. I encourage parents to keep a watchful eye on your children when they are playing in the water and respect your limitations. Also, if you plan to go boating or otherwise use the waterways, make sure you are prepared for emergencies and more importantly, let someone know of your plans including where you will be and when you expect to return.

REMEMBER – DON'T LEAVE CHILDREN OR PETS INSIDE VEHICLES

unattended on warm or hot days. Please enjoy the rest of summer and have a great and safe NATAL Day weekend.

LAMMAS DAY: This observance, traditionally observed on August 1, marked the beginning of the harvest, and especially celebrated the first wheat crop, or that of corn.
