## MAYOR'S MESSAGE

Mayor Bill MacDonald

As summer was ending in the Town of Annapolis and throughout Nova Scotia, Hurricane Dorian's Category 2 winds and rain battered our community and the province; resulting in widespread damage and power outages for days. Our community came together with neighbours supporting neighbours, with public works personnel working tirelessly to open streets blocked by fallen trees; and the Annapolis Royal Volunteer Fire Department operating a Comfort Centre at the Fire Hall and keeping it open until everyone in the area had power. Many thanks to Nova Scotia Power and their field crews, many of whom were from out of province. It was a monumental task restoring power to the whole province. Although we lost dozens of beautiful trees in our community and along our walking trails, many more remain to ensure that our town will be decorated in the rich colours of Autumn for the enjoyment of visitors and residents alike. The changing season often draws people closer to home, but our town remains ready all year round to share its rich history as the Cradle Of Our Nation and its atmosphere of tranquility - whatever the weather.

## CHIEF'S CORNER

**Chief T.G. (Tim) Moser**

Fall is now here and unfortunately so is daylight savings time thus shorter day times. This also means that more traffic and pedestrians are moving about in lower light or darker conditions. Not only do we need to be prepared for this but also a friendly reminder to prepare yourself and vehicle(s) for the approaching winter conditions. We all know that planning is critical particularly related to extreme weather such as Hurricane DORIAN. Also, please be reminded that studded tires are permitted between 14 October and 30 April.

I recently attended the Nova Scotia Chiefs of Police and Governance Board Conference where Minister Furey spoke about provincial priorities. These are not new but thought I would share them with you. The priorities are part of a provincial funding model, which allows the provincial government to provide direction and focus on some of the issues affecting policing services to Nova Scotians including: Human Trafficking; Sexual Exploitation, Domestic Violence, Impaired Driving (Drug and Alcohol), and Racially Biased Policing. As you may have heard, Minister Furey placed a moratorium on street checks although this is not something our agency had been doing. Along with these priorities, specialized units have been formed and are available for all provincial law enforcement agencies when dealing with any types of these Investigations. Members of the Annapolis Royal Police have also received additional training related to domestic violence, impaired driving, cannabis legislation, sexual assault investigations, and racially biased policing with additional training to be taken related to drug impaired driving. Speaking of Cannabis; edibles, extracts, and topicals will become legal on October 16, 2019, however, will not be available until December 15, 2019 due to the 60-day waiting period for Health Canada to authorize the products.

Finally, I would like to remind you of two remembrance ceremonies taking place during this time period. One is the provincial police and peace officer memorial ceremony to be held in Halifax on Sunday, October 20th. The other is of course Remembrance Day. Please take a moment to remember those who gave their lives for your freedom and way of life including those who may suffer from injuries they received providing that service.

Have a safe and happy Thanksgiving and Halloween paying particular attention to latter by keeping a watchful eye for the little ghost and goblins who will be out trick or treating!

# TOWN HALL... STAY CONNECTED

Town Hall will be closed Monday, October 14th for Thanksgiving and Monday, November 11th for Remembrance Day.

## A Special Thank You ...

Council and Town Staff wish to publicly express their sincere appreciation to Bob Howard and the Champlain Garden Club for their ongoing beautification of the Oqwa'titek Amphitheater. Affectionately known as the 'O', the Amphitheatre is an important community gathering place, and we are grateful for the volunteer efforts of Champlain Garden Club to enhance it.

Many thanks to our Public Works Department on behalf of our community for their hard work (all night and day), clearing roads closed by fallen trees and limbs after Hurricane Dorian.

## A message from the Twinning Committee...

The Mayor, Bill MacDonald, along with Councillor Kinsella and eight members of the Annapolis Royal twinning group will be travelling to Royan, France for an official visit this fall. We are invited by the Mayor of Royan, Patrick Marengo, and the Royan twinning committee and will be visiting the burial site of Pierre Dugua along with the birthplace of Champlain in Brouage over our five day visit. The official visit takes place October 17th to 21st. Our last official visit to Royan was in 2013. The twinning committee is very happy to be travelling with our own youth representative, Alex Hancock. She will be spending six weeks in Royan doing an internship at the Town Hall working with Royan Town Works in an environmental position. Our Annapolis Royal twinning group has been hosting Royan interns for several years and we are pleased to be able to send a student from Annapolis Royal to Royan this year. Anyone interested in getting involved with the Twinning Committee would be most welcome. Please contact Christine Igot ([christine@latex.com](mailto:christine@latex.com)) for more information.

## Elm Tree Alert

We appreciate the intensive clean up that has been done the last couple of weeks! This is just a reminder that elm tree brush and debris has to be treated with caution. Annapolis Royal still has many large healthy elm trees and all of them are under constant threat of Dutch Elm disease. The Elm bark beetle is very attracted to elm debris and can breed in it and multiply, then transmit the fungus and threaten the other elm trees. Therefore please do not store/ use elm firewood in Town. All brush needs to be chipped, burned or taken far out of Town where there are no elm trees. All remaining stumps need to be removed, chipped or debarked. Thank you so much for your understanding and support, so that we don't lose any more trees!

*According to Irish legend, Jack O'Lanterns are named after a stingy man named Jack who, because he tricked the devil several times, was forbidden entrance into both heaven and hell. He was condemned to wander the Earth, waving his lantern to lead people away from their paths.*
