MAYOR'S MESSAGE

Mayor Bill MacDonald

A century ago, the period 1920 to 1929 was characterized as the Roaring '20s, for its dramatic economic and social growth and change.

In a Globe & Mail opinion piece on what the 1920's can teach us about the 2020's, author Lucy Moore noted that it was a time of new openness and opportunity for some, but it was also a time when "cynical leaders peddled fear and lies about outsiders to enhance their prestige and line their pockets." Yet, despite the darkness of that political mood, Moore pointed out that the 1920s also saw "thrilling developments in art and culture and opening up a world not just tolerant of difference, but celebrating previously marginalized groups."

After another year of unprecedented house sales, welcoming new residents, and new businesses, Annapolis Royal is in the midst of its own dramatic surge in social and economic growth. In a Christmas message, I noted that despite its history as the most fought over land in North America, the Annapolis Royal of today exemplifies the joy and spirit of the holiday season - living in peace and harmony with goodwill to everyone. Which is proudly reflected in our celebration of diversity, and our ongoing efforts to ensure an inclusive and welcoming community. We are custodians of the cradle of our nation, and must do everything we can to ensure the sustainability and future survival of Annapolis Royal. I encourage everyone to embrace the promise of a new year; and take the opportunity to become involved in the social, cultural, and political affairs of our community.

Did you experience losses from Hurricane Dorian?

Nova Scotians with uninsurable losses from Hurricane Dorian can apply to the disaster financial assistance program beginning January 8, 2020. The deadline to apply is March 31, 2020. Disaster financial assistance helps individuals, small businesses, not-for-profit organizations with uninsurable losses and municipalities with uninsured damage return to pre-disaster condition. For more information please visit: <https://beta.novascotia.ca/government/emergency-management-office>

Are you 72 Hours Prepared?

Ready.gov states that in the event of an emergency, you may have to survive on your own for several days. This is why they recommend that every family have a basic disaster kit with enough food, water, medicine, and other supplies to last at least three days. Your emergency kit should be stored in a backpack (or several) and kept in an easily accessible closet in your home. For more information on becoming storm or emergency ready visit: <https://www.ready.gov/kit>

The African Nova Scotian community traces its roots back to the 1700s. This year Nova Scotia Heritage Day we celebrate and honor Africville.

CHIEF'S CORNER

Chief T.G. (Tim) Moser

Happy New Year!

I hope that your holiday season was a safe and enjoyable one. For those who celebrated Winter Solstice, and you know who you are, it was a fantastic evening. It is also noteworthy to say that the only Grinch sightings that I am aware of were those posted by Trish. Now the true test following new years – do you keep your resolution!? Not to worry, since this is the year 2020, we should all enjoy a full year with perfect vision and perfect hindsight so that the decisions we will all be making - will be sound ones.

I am happy to report that things were very quiet in Annapolis Royal over this period. Not to jinx anything, but it does appear that the weather has been acceptable so far however I do remind you that we are still in the winter season. As the traffic authority, I do not believe a need for an overnight parking ban in Annapolis Royal – I much more prefer owners ensure they are not interfering with snow removal on their own accord. With that said, you are reminded that should you interfere with snow removal we may take enforcement action in accordance with the Provincial Motor Vehicle Act, that could result in the issuance of a parking ticket and/or tow, so please be vigilant in this regard. This is also greatly appreciated by our Works employees who are responsible for snow removal. I would also remind you that it is an offence to leave your vehicle running while unattended so as much as some like to get into a warm cozy vehicle it is contrary to provincial law and Annapolis Royal policy.

I would like to welcome Constable Nicole Cleaves back from an extended leave and give a big thanks to Constable Matt Calder and Constable Robert Frontain, who worked as temporary members of the Annapolis Royal Police so our shifts would be covered. Their service to Annapolis Royal will be recognized later in January as members of Council, Board of Police Commissioners, and other town staff, meet to say goodbye and offer best wishes with their police careers.

I would like to remind you that February is African Heritage Month. I have stated in previous writings that Annapolis Royal and Nova Scotia alike have seen many affluent and successful citizens of African decent who have given so much to the community. This year I would like to recognize those in and around our community that give so much, support so much, and always have a smile when seen walking or driving in town – you know who you are! Thank you for being part of our community. Your contributions make us all stronger.

I wish everyone a prosperous, healthy, and safe 2020 and look forward to seeing you in the year ahead.

Groundhog Day (February 2nd) has its roots in the ancient Christian tradition of Candlemas, when clergy would bless and distribute candles needed for winter. The candles represented how long and cold the winter would be. Germans expanded on this concept by selecting an animal—the hedgehog—as a means of predicting weather.

Did you know... Valentine's Day has origins in the Roman festival of Lupercalia, held in mid-February. The festival, which celebrated the coming of spring, included the pairing off of couples by lottery. It came to be celebrated as a day of romance from about the 14th century.
