

Ease into printmaking through hands-on creative play and spend four afternoons with Lorna Mulligan. We'll take a painterly, mixed-media approach which will involve lots of fun experimentation with simple printmaking ideas including monoprint and relief printing, letterpress, collage, embossing and ink marbling. The theme is: your interpretation of NATURE. You'll learn a bit about composition and colour harmonies along the way, as we combine and layer our printed papers full of beautiful colour, textures and imagery.

Most material is supplied! Students are encouraged to bring some of their own papers to print upon, including found papers. Bring pencils, ruler, eraser, scissors and glue stick. EGPS will supply the printing ink, plates and the fine art papers for printing.
